PERSON PROFILE

Up and coming software engineer with an avid love for programming, creating new things, and expanding his horizons when it comes to coding. I'm also a highly-skilled communicator that can adapt to any environment I'm in.

EMPLOYMENT HISTORY

President of the Student Association at University of Birmingham, Dubai, United Arab Emirates

November 2020 — Present

- In charge of managing the student leadership team to create events, manage clubs, improve student well-being, and make legislative changes to the way the student association operates for future years.

Property Consultant at Dreamcatcher Real Estate, Dubai, United Arab Emirates

August 2021 — March 2022

- Made competitive listings in my designated area, went on property viewings with potential clients, and made sales achieving top three salesmen in my company in record time.

Engineering Campus Experience Officer at University of Toronto, Toronto, Canada Area

September 2019 — September 2020

- Planned events for the student body and managed one-on-one interactions with students in need of mental health support.

Vice President of Public Relations at University of Toronto Toastmasters, Toronto, Canada Area

July 2019 — September 2020

- In charge of social media management for the UofT District 60 Toastmasters

- I coach young speakers to help them find their voice, develop their public speaking and leadership skills as well as their verbal and physical communication on stage.

Product Specialist at Apple, Toronto, Ontario, Canada

March 2019 — September 2019

- Applied my communication skills to identify and explore customers' needs.

- Engaged with and enriched customer experiences by applying my knowledge of the products to guide the customer to the product best suited for them.

Speaker Coordinator at TED Conferences, Dubai, United Arab Emirates

June 2019 — June 2019

- Participated in the 'Presenting like a speaker' workshop to enhance my public speaking coaching abilities.

- Worked alongside a trainer to help coach a team of nine speakers on how to develop their talks, perform at quality adhering to TED standards, and engage their audience through different language and body language techniques.

TEDx Speaker at TED Conferences, Dubai, United Arab Emirates

June 2018 — June 2018

- Wrote and delivered a TED talk called "Lessons of a Martial Artist", centered around how we can extract life lessons from sports - Held workshops for the speaking team to help improve body language and intonation to help create better talks.

Innovation Leader & Public Speaker at GEMS Education, Dubai, United Arab Emirates October 2016 — April 2018

- Partnered up with Singularity University to teach their future tech-innovation course at GEMS IB Schools.
- Lead the Global Innovation Challenge hosted by Singularity University.
- Regularly gave talks regarding the future and influence of technology on humanity .
- Worked alongside the curriculum developer at Singularity University to improve the curriculum for second-year students.

Translator at Global Education Skills Alliance (GESA) Extend. Enhance. Enlighten., Dubai, United Arab Emirates March 2017 — March 2017

- Translated from English to Arabic and vice versa for the 2015 Global Teacher Prize winner Hanan Al Hroub in one of the alliance meetings hosted during the annual Global Education Skills Forums, in which I was a volunteer.

TEDx Speaker at TED Conferences, Dubai, United Arab Emirates December 2014 — February 2015

- Wrote and delivered a TED talk called "Strength-based Leadership", centered around how leaders must not only focus on eliminating their team's weaknesses but also identifying their strengths and improving on them.
